SOLOMON ISLANDS GOVERNMENT SCHOLARSHIPS

The purpose of the Solomon Islands Government Scholarship Program is to offer scholarships to potential candidates so that they can gain knowledge and skills to contribute to the country's human resource development needs and actively participate in the economic and social growth and prosperity of the country.

Applicants should acknowledge that when you apply for a Solomon Islands Government funded scholarship, you will not secure a scholarship automatically. There is a selection process that applicants would go through but first of all, applicants will need to meet the eligibility criteria. These are the minimum requirements that determine who can or cannot be considered for a scholarship. If a candidate meets the eligibility criteria, his/her name would be included or considered in the selection process. A set of selection criteria will be used to identify and define the particular knowledge, attributes, qualifications and experience an applicant must possess, in order to be short-listed and decision made to offer a scholarship to study a programme of study.

Solomon Islands Government Scholarships are for study at specific education institutions in the Pacific region (including Australia, New Zealand and Asia) and institutions within the country (e.g. The Solomon Islands National University – SINU and The University of the South Pacific –USP, Solomon Islands Campus).

There are three (3) categories of Scholarships that you may wish to apply and be considered for. An eligibility criteria applies for each classification of scholarship that you may wish to apply for. These are:

- **National High Achievers Scholarship. Only applicants who have attained GPA range between 3.8 and 4.5 need to apply.** This type of scholarship is meant for high achievers – applicants with the highest or equal highest GPA in the subjects studied need to apply.
- **Constituency Scholarship. Only applicants who have attained GPA range between 3.0 and 3.7 need to apply.** This type of scholarship caters for applicants who wish to be considered under the Constituency scholarship provision. The applicant who wishes to be considered under this type of scholarship may need an endorsement from a Member of Parliament representing the applicant's constituency.
- **Cost Sharing Scholarship. Applicants who have attained GPA range between 3.0 and 4.5 need to apply.** This scholarship targets applicants who seek part-funding for their scholarship place. The applicant is to provide self-funding details relative to the course area and Tertiary Institution he/she wishes to study at.
